

Prof. Christian Küchen (born March 24, 1962) has been General Manager of the German Petrol Association (Mineralölwirtschaftsverband e.V., MWV) in Berlin since April 1, 2015.

Born in Hamburg, he studied process engineering at the Technical University of Clausthal, where he became a Dr.-Ing. PhD. From 1992 to 1995 he was responsible for fuel engineering and fuel test benches of the German Shell AG (Laboratory for Products, Applications and Development) in Hamburg.

From 1995 on, Prof. Küchen was Technical Managing Director of the Institute for Heat and Oil Technology e.V. (IWO), Hamburg, and from July 2003 to March 2015 sole Managing Director of the IWO. Since June 2004 he is Honorary Professor at the RWTH Aachen University. From December 2005 to January 2015 he was also President of the European Heating Oil Association Eurofuel.
